

train\_and\_evaluate.evaluate

```
graph LR; A[train_and_evaluate.evaluate] --> B[utils.compute_mse]; A --> C[utils.compute_pcc];
```

The diagram illustrates a function call and its dependencies. On the left, a gray rectangular box contains the text 'train\_and\_evaluate.evaluate'. Two blue arrows originate from the right side of this box. The top arrow points to a white rectangular box containing 'utils.compute\_mse'. The bottom arrow points to another white rectangular box containing 'utils.compute\_pcc'. All boxes have a black border.

utils.compute\_mse

utils.compute\_pcc
