

generate.generate_images

inference.inference

utils.load_coordinates

```
graph LR; A[generate.generate_images] --> C[utils.load_coordinates]; B[inference.inference] --> C;
```

The diagram illustrates a dependency structure. On the left, there are two white rectangular boxes. The top box contains the text 'generate.generate_images' and the bottom box contains 'inference.inference'. On the right, there is a gray rectangular box containing the text 'utils.load_coordinates'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'generate.generate_images' and 'inference.inference' depend on 'utils.load_coordinates'.
